

## SAFE Rehoming Cat Surrender Enquiry Form

Please answer all of the questions truthfully as this will help us give your cat the most appropriate care and the best chance of finding a loving home.

- SAFE is a small charity with limited resources and we advise you do not rely on us alone. Please ask friends, family and other rescues if they can take your cat so that it has more chances of being rehomed.
- Filling out this enquiry form **IS NOT** a guarantee that we can take your cat, however we will do our best, and if we can help, we will contact you.
- Please note that if we are able to take your cat you will need to contribute towards covering our costs by paying a Surrender Donation (see end of the form for details).

SAFE receives no government support or grants. We charge a Surrender Donation to cover the cost of caring for your cat until it is rehomed. Our policy is to only offer cats for adoption if they are microchipped, health checked, vaccinated, desexed and treated with preventatives & we can only help if we can cover our costs. This means that if your cat is not microchipped, desexed or up to date with vaccinations and preventatives there will be additional costs (see below).

### **SURRENDER DONATION:**

\$150 for cats who are desexed, microchipped & up-to-date with vaccinations (with supporting paperwork)

#### **Additional donations which may apply**

- + \$50 if undesexed
- + \$30 if lapsed or no vaccinations
- + \$30 if not microchipped

I understand and agree to the terms and conditions stated above & confirm the information is correct
