

SAFE Rehoming Dog Surrender Enquiry Form

Please make sure you answer all the questions truthfully as this will help us give your dog the most appropriate care and the best chance of finding a loving home. Thank you

- SAFE is a small charity with limited resources and we advise you do not rely on us alone to help. Please ask friends, family and other rescues if they can take your dog so that it has more chances of being rehomed.
- Filling out this enquiry form **IS NOT** a guarantee that we can take your dog. As all of the dogs we accept are cared for in foster homes, it can take some time to find a suitable foster carer. But we will do our best to help and if we are able to find a carer before your requested relocation date we will contact you.
- Please note that if we are able to take in your dog you will need you to contribute towards covering our costs by paying a Surrender Fee (see end of the form for details).

SAFE receives no government support or grants. We charge a Surrender Fee to cover the cost of caring for your dog until it is rehomed. Our policy is to only offer dogs for adoption if they are microchipped, health checked, vaccinated, desexed and treated with preventatives, & we can only help if we can cover our costs. This means that if your dog is not microchipped, desexed or up to date with vaccinations and preventatives there will be additional costs (see below).

\$200 for dogs who are desexed, microchipped & up-to-date with vaccinations (with supporting paperwork)
